Dear Ms. Prince:

I read in the *Akron Beacon Journal* about your nonprofit initiative Biostatistics and Research Awareness Initiatives Network Inc. (BRAIN) and I wanted to commend you for your hard work and creation of the program.

In any field, race equality is hugely important for the success of our community as a whole. Your dedication to the matter is inspiring and should be applauded by all. With your strong devotion to this initiative, I believe you will help increase the number of African-Americans in the math and science fields.

Thank you for being an innovative beacon of hope for the African-American youth in the field. You are truly a strong leader in this community and a role model. I hope you have continued support and success!

Sincerely,

SHERRI BEVAN WALSH
